

Autumn 2

2016

Autumn collection

- We are going on an adventure.
- What do you notice around you?
- How is the world around you changing?
- What colours can you see?
- Now you are going to collect natural items.

Autumn colours

- What colours did you see outside in Autumn?
- You can use these colours that you have chosen to make a collage.
- Could you add leaves to your picture?

Leaf sorting machine

- We are going to look at the natural things you have found very carefully!
- On our special walk we discovered what was happening to the trees.
- Now you are all going sort the leaves in to groups.
- How will the leaf sorting machine sort the leaves?

Areas and skills covered

- Autumn collection --- UW – W --- Looks closely at similarities, differences, patterns and change. 40 – 60 months
- Autumn colours --- EAD -- EMM --- Explores colour and how they can be merged to make a collage of Autumn colours. 30 – 60 months
- Leaf sorting machine --- UW – W Looks closely at Similarities, differences and changes over time. 40 – 60 months
