

# Grid Learning Class 2

## Spring 2

# Geography

## Continents and Oceans

- Oceans cover about 71% of the Earth's surface. This huge body of salt water is divided into 5 major oceans. The Pacific, Atlantic, Arctic, Indian and the Southern. Find out where these oceans are using a atlas/globe and name them on your map.
- Continents are the large land masses we see on our Earth's surface. Continents are made up of many countries. We live in Europe. There are 7 continents, Africa, Asia, Europe, North America, South America, Antarctica and Australia. Locate the continents in a atlas and label them on your map.

# Computing

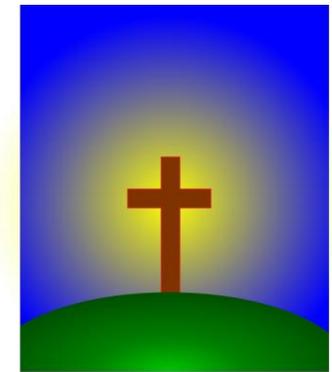

## Secret Crazy Creature Algorithms

- Last term we introduced the idea of algorithms through writing instructions using Scratch using the I Pads.
- An algorithm is a list of instructions or set of rules to make something happen or work something out.
- Write an algorithm for a crazy creature, when you have written it pass it to somebody else in your group to draw.
- Does the picture they have drawn look like you intended? Was your algorithm clear enough? How could it be improved?

# Religious Education

## The Easter Story

- We have learnt about the Easter Story in R.E and collective worship.
  - You will be given a template of a Cross.
- Design a cross. Think about what you have learnt from the story.
  - Think about colour, you may find this poem useful-

Red is for the blood He gave  
Green is for the grass he made  
Yellow is for the sun so bright  
Orange is for the edge of night  
Black is for the sin we made  
White is for the grace He gave  
Purple is for the hour of sorrow  
Pink is for the new tomorrow

# Art

## Beatrix Potter

- 2016 marks the 150<sup>th</sup> anniversary of the birth of Helen Beatrix Potter.
- Beatrix Potter wrote 23 books in her 'Tales' series, the first was The Tale of Peter Rabbit published in 1902.
- As well as writing lovely stories, Beatrix Potter cleverly illustrated her books with beautiful watercolours.
  - We will all watch The Tale of Peter Rabbit, as you are watching think about his character. He was rather naughty!
- Like Beatrix many of us have pets or are interested in wild animals. Draw a animal in pencil and then add watercolour.
- If you cannot think of what to draw you can draw Peter Rabbit. He is a bit cheeky and is hiding somewhere in the classroom!

# Drama

## Goldilocks and the Three Bears

- You have a props and a dressing up box.
- In your group act out your version of the story Goldilocks and the 3 bears.
  - Try and show the different characters of the Bears.
- Remember the qualities of a good team leader, work together and have fun!
  - Show your performance to the rest of the class.
